LinkedIn Profile

Objective

Aspiring **AI/ML Engineer** with a solid foundation in **computer engineering** and **programming**. Skilled in **Python**, **Java**, **C**, and basic web technologies like **HTML**, **CSS**, and **JavaScript**. Adept at problem-solving and eager to contribute to projects in **AI** and **Machine Learning**. Seeking an **internship** to gain hands-on experience and apply technical skills to real-world problems in a collaborative setting.

Education

Bachelor of Technology (B.Tech) | CSE(AI&ML) (2nd Year)
Vasireddy Venkatadri Institute of Technology, Nambur, Guntur
(Expected Graduation: 2027)

Diploma in Engineering | Computer Science
Seetha Polytechnic, Vishnu, Bhimavaram

Technical Skills

- **Programming Languages:** C, Java, Python, C++ (Basic),
- SQL
- **Web Development:** HTML, CSS, JavaScript,node js
- **Soft Skills:** Problem-Solving, Logical Thinking, Communication, Teamwork

---

Projects

Online Result Analysis *(Group Project)*

- Developed a system to analyze and visualize student performance data.
- Implemented features for generating graphical insights.

Fraud Detection in Banking System *(Group Project)*

- Designed a system to identify fraudulent banking transactions using pattern recognition techniques.

- Applied programming skills to enhance detection efficiency.

Simple Desktop Voice Assistant *(Solo Project)*

- Developed a basic voice assistant for automating simple tasks.

- Integrated speech recognition and automation features.

Extracurricular Activities

- Actively engaged in coding and software development.

- Passionate about AI, problem-solving, and learning new technologies.

Declaration

I hereby declare that the above information is true to the best of my knowledge and belief.
